PROFILE

Frontend Developer with 4+ years of experience building web applications using React.js, Next.js, TypeScript, JavaScript, Shopify (Liquid), and WordPress. Skilled at converting complex concepts into high performance, responsive UIs that work seamlessly across browsers and devices. Experienced in integrating APIs, managing dynamic data, and developing features for web applications, Shopify stores, and WordPress websites. Proficient with HTML, CSS, Tailwind CSS, and modern frontend tooling to deliver maintainable, scalable code.

Delivered 50+ projects across React.js, Next.js, Shopify, and WordPress, optimizing performance, stability, and user experience.

PROFESSIONAL EXPERIENCE

Markloops

Senior Frontend Developer

10/2024 – Present
Islamabad, Pakistan

- Built and delivered custom React.js, Next.js, WordPress, and Shopify solutions for client projects across multiple industries.
- Developed custom features and integrated third-party services using Shopify APIs, WordPress plugins, and REST APIs.
- Built reusable React.js and Next.js components using TypeScript, modern JavaScript, hooks, and state management to improve maintainability and performance.
- Optimized application performance, responsiveness, and cross browser compatibility across React.js, Next.js, Shopify, and WordPress projects.
- Built frontend features based on business requirements using React.js, Next.js, WordPress, and Shopify.

Node Agency
